The unexpected brilliant Republican victory in Oregon was like bursting a gall bladder in the mouth of the Democracy. They are still devoting themselves to the vain undertaking of explaining the cause of their defeat upon some other than the real reason. The latest excuse set up is that the railroads of the state control its politics and that in this instance they found it to their interest to defeat the Democracy and continue the Republicans in power. With all their theorizing, however, they cannot obscure the fact that the Republicans naturally have a majority in that state, and that they have intelligence enough to undernable from inherent strength-superior stand what is best for them and for the ability and purity of personal char country.
